## Submitting and Viewing Your W4

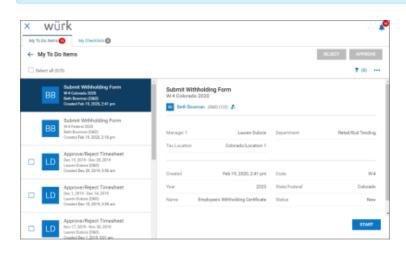

Last Modified on 07/11/2024 5:27 pm EDT

The IRS W4 form was updated in 2020. For more information, see Updated W4 Forms. You do not have to fill out the new form if you already have one on file with your employer, nor do you have to fill out a new form every year. However, if you want to adjust your withholdings at your existing job, you may need to fill out the new W4. Additionally, be aware that some states also require separate state W4 forms.

## START HERE

1. When you need to submit a new W4 (for example, when prompted in yourMy ToDos), you can click through from the To Do item, or from the Main Menu, click My Info>My HR>Forms>Government Forms>Withholding.

If you have not been prompted in the system to provide a W4 and do not see options to complete this form electronically in Wurk, your company may require you to print out a paper form and hand it to your HR department. These forms are available here.
