

Logging In

Last Modified on 01/07/2022 12:33 pm EST

This article guides you to log in to the latest version of Wurk on your computer.

While you can also use the mobile app, HCMTToGo, this topic focuses on the web version. Instructions on downloading and logging in on the mobile app are located [here](#).

If you're new to Wurk, start with [Getting Started In Wurk](#) topics.

START HERE

1. Use the link sent to you from AccountCreated@enjoywurk.com (or noreply@enjoywurk.com) to navigate to your company's Wurk website.

A screenshot of the Wurk login page. At the top left, it says "Log In" and at the top right, it shows the time "10:59 AM [MDT]". Below this, there is a "Username" field with a light blue border and a light blue background, containing the text "cdominic" next to a small person icon. Below the username field is a "Password" field with a light blue border and a light blue background, containing a lock icon and several dots. To the right of the password field is a link that says "Forgot your password?". Below the password field is a checkbox labeled "Remember Username". Below these fields is a large blue button with the text "LOGIN" in white. Below the button is a horizontal line with the word "OR" in the center. Below the line is another large blue button with the Google logo and the text "SIGN IN WITH GOOGLE" in white. At the bottom of the page, there is a small copyright notice: "Copyright © 2019 All Rights Reserved. v64 Artifact: r64.189".

If you don't have the link, you can log on [here](#) using your Company Short Name.

2. When prompted to log in, enter your credentials user name and password, and select LOGIN.

[SIGN IN WITH GOOGLE](#) will only show if your company has enabled it.

NOTE: You may be prompted to confirm your virtual code settings.

Configure Virtual Code Settings

Please verify that your contact information below is correct. If it is incorrect, enter in a valid Mobile, Phone and/or Email in order to receive a token code for future login.

At least one of the three methods below is required. As a best practice, enter in as many of these three as possible.

For the purposes of providing increased security the phone number entered will be shared with a third party to transmit a multi-factor authentication token.
